- System of Logic, A* (Mill) 215, 459
- Systematic Import (Hempel) 326, 329, 370, 371
- T**
- tacit knowledge, and diagnosis and phenomenology
- 'being-in-the-world' (Heidegger) 403
 - criticological *versus* phenomenological model 403
 - holistic model 402–3
 - 'theory theory' *versus* 'simulation theory' 403
 - top-down *versus* bottom-up model of diagnosis 402
- role of in applied physics (Collins)
- empirical findings, summary of 398
 - knowledge, and linguistic representation 398
 - replication, and diagnosis 398–99
 - sociological investigation, role of 397
 - theory, and practice 399
- role of in Kuhn's account of science
- implicit *versus* explicit rules 400
 - science, and puzzle solving 399
 - science, normal and revolutionary 399
 - tacit knowledge, areas of 399–400
- scientific explanation, context-dependence of 396–97
- tacit dimension, philosophical arguments for 400–402
- Wittgenstein's later philosophy, sameness in 400–402
- Tally Argument 278–79
- Tameside and Glossop Acute Services v. CH (A Patient)* [1996] 1 FCR 753 554
- Tarasoff case 482, 483
- tautology 63
- teleology 393, 447–48, 680–83
- test-retest reliability 343
- Theodicy* (Leibniz) 630
- theory dependence, of data
- Churchland's argument 299–301
 - complementarity 310, 311
 - descriptive psychopathology 289
 - distortion, problem of 289–90, 310
 - Duhem's argument 298–99
 - EPR/Bell/Aspect story 311–12
 - everyday observations, theory dependence of 290–94
 - experience, as conceptually structured (McDowell) 308–10
 - Hesse's argument 301–3
 - objectivity 289
 - observer, influence of 310–13
 - operationalism 289
 - perception, as conceptually structured 304–8
 - practical exercise 290–91
 - and PSE 291–93

872 SUBJECT INDEX

values-based practice (VPB)
and clinical practice skills 526–28
ethics, values, and mental health 520–22
and evidence-based medicine 461–62, 519,
522–23, 528–29
psychiatric diagnosis 597–601
and quasi-legal ethics 519, 530–31
service delivery models 523–26, 779

user-provider alliance 528–30
valuational complexity 779–80
